

NORSTAR
STEEL RECYCLERS

Bin Services

For your convenience, Norstar Steel Recyclers are equipped to drop-off bins to your door for later collection or ongoing exchanges.

This service includes the availability of numerous sized scrap metal bins and specialised vehicles.

The employment of dedicated transport experts enhances Norstar Steel Recyclers customer service capabilities by ensuring collection of scrap metals are performed in a timely and efficient manner.

Scrap metals are collected from a vast range of industry, commercial, and domestic clientele, free of charge (conditions apply) across Victoria.

Our bins range in size from 1 cubic metre to 36 cubic metres

We offer a full scrap salvage consultation and appraisal free of charge to produce the most cost efficient, space conscious and price effective recycling solution to suit your requirements.

This will ensure that all your recycling requirements can be catered for by a one-stop approach meeting your company's specific standards in this area.

See chart for the 'standard' list of bin sizes. Norstar Steel Recyclers will also custom make bins to suit any situation possible.

References are available upon request.
